4) Review your video. Trim, rearrange, or add more clips
5) Click the green NEXT button

</td><td valign="middle">

OR

</td><td valign="top">

To Upload an Existing Video:

1) Click the red "Record a Response" button
2) Click on "Options" in the menu under your video screen
3) Click "Upload Clip"
4) Follow the prompts to upload your video
5) Click the green NEXT button

Allowed video types: MP4, MOV, and WEBM
500 MB filesize limit

</td></tr>
</table>

STEP 4: ENTER INFO

On the *Submit your Video* Screen:

1) Verify that your "Display Name" shows your Project Number. Edit if necessary. (You can find your Project Number by logging in to STEM Wizard, clicking on your name in the upper right corner, and clicking on "Profile".)
2) Enter your Project Title in the Description Box.
3) Click on "Select Frame" and use the blue slider to choose the Cover Image for your video

STEP 5: SUBMIT VIDEO Click the blue "Submit Video" button

STEP 6: GET URL & PASTE INTO STEM WIZARD

After your video uploads, you'll see a "Success" screen with confetti. Click on the direct link to your video url towards the center of this screen to open your video in a new webpage. **Copy/Paste the link to your video into the video url box on the Judging Requirements page of STEM Wizard.**

Email registration@midcolumbiasciencefair.org if you need help or have any questions about submitting your project video.
