

How to Upload Your Project Video to FlipGrid

You may record your project video using any program you like. **We highly suggest that you include the most important slides from your presentation in your video.** You may do this by screen sharing your presentation while recording, or by zooming in on printed out graphs during your video.

Allowed file types: .mp4, .mov, and .webm

Maximum length: 3 minutes

Maximum file size: 500 MB

Once you have your video recorded, follow these steps to upload it to the MCSF FlipGrid page:

STEP 1: GO TO <https://flipgrid.com/6d5de790>

STEP 2: LOG IN using your STEM Wizard username

STEP 3: UPLOAD YOUR VIDEO

- 1) Click the **Add a Response** button
- 2) Click on **Options** in the menu under your video screen
- 3) Click **Upload Clip**
- 4) Follow the prompts to select and upload your video
- 5) Click the **Next** button

STEP 4: ENTER INFO On the *Post To Topic* Screen:

- 1) Type your Project Title in the Caption Box.
- 2) Click on "Edit Cover" to select the frame that you want to show as the cover picture.
- 3) Check that the Display Name shows your project number. (You can find your Project Number in STEM Wizard: click on your name in the upper right corner then click on "Profile".)

STEP 5: POST VIDEO

Click the blue **Post to Topic** button. Be patient -- it may take a few minutes to upload. Wait until you see the "Your video is posted" message before leaving the web page.

Email registration@midcolumbiasciencefair.org if you need help or have any questions about submitting your project video.
